Objective:

I am seeking to transition into a Full-Stack Developer role, leveraging my programming skills and experience as a founder of a sharing algorithm on the Threads platform. Committed to contributing to the tech community and delivering impactful solutions across both front-end and back-end development

Projects:

Full-Stack | *Comunnity Website*   July 2024 - Present

GitHub Link: github.com/tuanlong1106/leetcodedaybyday.github.io

- Technologies used: HTML, CSS, JavaScript.

- Description: Customized an open-source template for my website, https://leetcodedaybyday.com/, featuring a diary about my grandmother, free Gen Z entrepreneur consultations, and talent resource solutions.

-Purpose: Increase brand recognition, advertise outsourcing services, attract clients, and share my grandmother's influence on my journey.

Founder | *leetcodedaybyday (Threads)*

Threads Social Media Account   July 2024 - Present

- Shared daily leetcode algorithm solutions and coding experiences with the Threads community. Attracted over *5000 developers*, both Vietnamese and international, within *1 Month*.

Founder | *leetcodedaybyday (Instagram)*

Threads Social Media Account   July 2024 - Present

- Created and managed content focused on relaxation and entertainment after coding the same name with Threads. Built a follower base through engaging and entertaining posts.

Co-Founder | *#SMYS*

#SMYS (Show Me Your Sneaker)   Feb 2016 - Aug 2017

- Managed a Facebook group #SMYS with 2,100 members, sharing a passion for sneakers. Organized an offline event on July 31, 2017, to raise funds for charity, providing rice to those in need, marking the start of our community work.

Work Experience:

Administrative Management   October 2023 – July 2024

Assistant | *Phuc Loc Chau Co., Ltd.*   Full-time | On-site

Binh Duong, Viet Nam

- Managed occupational safety, fire prevention, insurance policies, payroll, and optimized workflows in a single-member company.

Administrative Intern | July 2022 - August 2022

VietinBank   Part-time | On-site

Binh Duong, Viet Nam

- Learned internal data management at Vietnam's largest Big 4 bank and managed document storage for 13 branches across 9 districts.

Executive Management Assistant |

TLT Bamboo Rattan Enterprise

Binh Duong, Viet Nam

July 2021 - June 2022
Full-Time | On site

- Led post-COVID-19 strategic reforms, shifting focus to the domestic market and adopting e-commerce for a family-owned bamboo and rattan manufacture

Education:

edX - Harvard Online   January 2024 - Present

Online Course (without certification)   Selt-taught

- CS50X, CS50W, CS50P- Introduction to Computer Science, Web Programming with Python and JavaScript, Introduction to Programming with Python
